DevOps Culture

DevOps Culture

We are planning to implement DevOps culture across the software development lifecycle

1

CONFIGURATION MANAGEMENT

Version controlled & flexible configuration

3

CONTINUOUS INTEGRATION

Compilation for every checkin

5

INFRASTRUCTURE AS A CODE

Version controlled infrastructure(chef)

7

TEST AUTOMATION

UT, Deployment Test, UX Test.etc

2

RELEASE MANAGEMENT

Release pipeline

4

CONTINUOUS DEPLOYMENT

Rapid & Continous hot fix to production

6

APPLICATION PERFORMANCE MONITORING

Usage info
